Proactive and passionate Frontend Developer with strong expertise in HTML, CSS, JavaScript, React.js, and Next.js. Skilled in building responsive and user-centric web applications, integrating APIs, and enhancing user experiences. Proven ability to deliver scalable and maintainable codebases while staying updated with the latest trends in web development. Seeking opportunities to leverage my technical skills and creativity in web development.

EXPERIENCE

Internship as Frontend Developer

Finland

FinNep

May, 2024 - Jul, 2024

- Designed and developed responsive, interactive web interfaces using Next.js, HTML, CSS, and JavaScript, improving usability and user satisfaction.
- Created dynamic, reusable components to streamline development processes and enhance the user experience.
- Integrated RESTful APIs for real-time data management, boosting application efficiency and functionality.
- Implemented performance optimization techniques, including lazy loading and code splitting, reducing page load times by 20%.

Junior Front End developer (Full-time)

Finland

FinNep

Aug, 2024 - Nov, 2024

- Built and maintained responsive, user-friendly web applications using Next.js, HTML, CSS, and JavaScript.
- Enhanced real-time data handling and performance through advanced API integrations, leading to a seamless user experience.
- Delivered scalable, production-ready features for high-profile projects, including Zorbas, YellowBridge, and Duckstattoo.
- Played a key role in developing a CMS, focusing on maintainable, scalable, and high-quality codebase standards.
